Superflux 'Manana'
British Columbia
Style: Hazy IPA
473ml

Superflux was once known as a gypsy brewer. This meant they didn't have their own facility but rather rented time and space in established breweries, making their beer and moving on. Today, they have their own location, pumping out new beers weekly, which is truly exciting. 'Manana' is a soft and pillowy hazy, made with a blend of Vic Secret and Mosaic hops. It offers an intense mix of tropical fruit and juicy peach.

'88 and Annex Collab
Alberta
Style: Lager
473ml

Keeping it interesting for you in May, is a collaboration between Eighty-Eight Brewing and Annex Ale Project, out of Calgary. This beer, nicknamed 'Strangers Forever', is the first collaboration these 'Rockstars' have put together. For style, they're calling this a West Coast Lager. It's sort of a twist between a Lager and a West Coast IPA, resulting in a beer with a unique hop profile. It's clean and crisp with a hint of citrusy hops and spice.

Refined Fool 'Hat Day is Cancelled'
Ontario
Style: Hazy IPA
473ml

Located in Sarnia, Refined Fool Brewing Co has certainly come a long way, from their humble beginnings using DIY converted maple syrup drums, to brew their own magic. 'Hat Day is Cancelled' is a Hazy IPA, paying homage to the many adults still harbouring feelings from those lost headwear opportunities. It's bursting a mingle of pear, mango and ripe grapefruit, that goes down incredibly smooth. Yum!

Snake Lake 'Taco'
Alberta
Style: Hazy IPA
473ml

The owners of Snake Lake left their jobs in the oil patch in 2017, to dedicate themselves to the amazing world of Craft Beer. Located in Sylvan Lake, they feel lucky to be a part of the town's rich history. This crushable beer is named after Snake Lake's founding head brewer, Octavio. It's a hazy IPA that is brewed with a mix of flake maize, tortilla chips, lime zest and sea salt. A quirk on a hazy for sure and only available once a year.
